# Call for Applications

We would like to call your attention to an innovative scientific format for aspiring researchers – the Falling Walls Lab. The Lab is a platform for excellent academics, entrepreneurs, and professionals from all disciplines who would like to present their research work, business model, innovative project, or idea in front of their peers and a distinguished jury from academia and business – in 3 minutes each.

Falling Walls Labs take place globally throughout the year. The winner of each international Falling Walls Lab qualifies for the Falling Walls Lab Finale in Berlin, which will be held on 7 November and is closely connected to the annual and internationally renowned Falling Walls Conference, taking place from 7–9 November.

At the Conference 2021 world-class scientists from across the globe present their current breakthrough research answering the question: »Which are the next walls to fall?«

**The Falling Walls Lab Adlershof is hosted by Joint Initiative of Non-University Research Institutes Adlershof (IGAFA) and Bundesanstalt für Materialforschung und -prüfung (BAM) and takes place on 1 October 2021 at 2 pm.**

**Applications can be made through the website**

**www.falling-walls.com/lab/apply.**

**The application deadline closes by 6 September 2021.**

The winner of the local Lab get to attend Falling Walls Lab Finale in Berlin, take part in an extended programme, increase their project's global reachs and visibility with a pitch video via the Falling Walls content library.

Travel expenses and accommodation for the 7–9 November in Berlin are included for all finalists. Also, all participants of the Finale receive a ticket for the Falling Walls Conference.

To help spread the news of the Falling Walls Lab Adlershof we would greatly appreciate it if you could forward our call for applications to emerging researchers and professionals within your institution's network.

If you have any questions, please do not hesitate to contact us **fwl-adlershof@igafa.de**, or the Falling Walls Foundation **lab@falling-walls.com**.

Falling Walls Lab is organised by the Falling Walls Foundation and generously funded by the German Federal Ministry of Education and Research (BMBF), the Berlin-Senate, Google, and Huawei. It is supported by the Federal Foreign Office of Germany and the German Academic Exchange Service (DAAD).
